## Article 2

*(requirements)*

**This document is downloaded electronically by the company from the members' area of the Register of Environmental Managers portal, and is available for consultation in digital format. (It may alternatively be presented in paper form).** The company is required to comply with the following requirements:

1) The trading and/or brokering of waste without holding it in one's possession must be carried out in accordance with the provisions of Legislative Decree No. 152 of 3 April 2006, and the relevant implementing regulations and technical standards; the applicable rules ensuring the traceability of waste and, in the case of cross-border shipments of waste, the provisions of Regulation (EC) No 1013/2006 and the relevant implementing regulations
2) Entities engaged in the trade and/or brokering of waste without taking possession of it must ensure that the entity responsible for transporting the waste being brokered or traded within Italy is duly registered in the National Register of Environmental Operators, as provided for in Article 212 of Legislative Decree 152/2006, and that the party carrying out recovery or disposal operations on the same waste is duly authorised in accordance with the legislation of the State in which the waste is recovered or disposed of. They must also ensure that those involved in cross-border shipments of waste subject to brokering and trade hold the authorisations required by Regulation (EC) No 1013/2006, where applicable, and have in any event complied with the obligations laid down by that EU Regulation;
3) The company is required to produce to the competent Section regular appendices to the financial guarantee provided pursuant to Article 17 of the Ministerial Decree 120/2014 in the event of a change in the data contained in the contract entered into in favour of the State;

4) EMAS registered companies and companies in possession of environmental certification pursuant to the Uni En Iso 14001 standard that benefit from the facilitation provided for by Article 212, paragraph 10, of Legislative Decree 152/06 regarding the reduction of financial guarantees, they are required to notify the competent regional or provincial Section of any change, modification, suspension, revocation in relation to the certifications or registrations described above. Failing this, the measures referred to in Article 19 of Ministerial Decree no. 120 of 3 June 2014 will be applied;
5) No later than 90 days after the conditions on which the granting of the benefits referred to in the previous point are based cease to apply, the member must adjust the amount of the financial guarantee in accordance with the provisions of the decree of 20 June 2011;

6) This provision is issued exclusively for the purposes and for the purposes of Legislative Decree 3 April 2006, no. 152. Failure to comply with the requirements set out in the laws, regulations and administrative provisions applicable to the case in question – with particular regard to those relating to health and safety at work, the environment and transport, which are hereby expressly referred to – may affect the validity and effectiveness of the registration and constitutes an offence punishable under Articles 19(1)(a) and 20(1), (d) of the Ministerial Decree 120/2014.
